Driving licence

- Category B

Hobbies

- Programing
- Traveling

About me

I am highly motivated person, always willing to learn new skills. Seeking to advance my growing tech career as a Web Developer and bringing my problem shooting skills to engineer responsive solutions.

My digital skills

NEXT.js

Knoweges

HTML, CSS, JS, PHP, ReactJS, Angular, Bootstrap, MUI, WordPress, Node.js, Express.js, MongoDB, Firebase, npm, Git, Postman, Mocha, Chai, React Testing Library, Next.js

EXPERIENCE AND EDUCATION

November 2022

„Software University“

Sofia, Bulgaria (7 weeks)

Theoretical and practical course

Angular/TypeScript

Acquired skills.

- Working with SPA concepts
- Development of client applications with Angular
- Building component-based applications
- Basic knowledge of TypeScript
- Working with Remote Services (REST)
- Working with templates and routing

June 2022

„Software University“

Sofia, Bulgaria (7 weeks)

Theoretical and practical course

React JavaScript

Acquired skills.

- Component-based applications
- What is a Single Page Application?
- Basic knowledge of React and JSX
- Client applications with React
- Working with remote REST services
- Working with templates and routing

May 2021

„Software University“

Sofia, Bulgaria (7 weeks)

Theoretical and practical course

JavaScript - Back-end

Acquired skills.

- What is a Web Server?
- Basic knowledge of the HTTP protocol
- Server applications with Node.JS
- Working with non-relational databases
- Building apps with Express and Handlebars
- Creating an MVC architecture

February 2021

„Software University“

Sofia, Bulgaria (12 weeks)

Theoretical and practical course

Application JavaScript

Acquired skills.

- What is HTTP and how to make requests
- Creating simple Single Page applications
- Working with templates and routing
- Working with non-relational databases
- Working with REST APIs and asynchronous programming
- Testing the application

January 2021
„Software University“
Sofia, Bulgaria(4 month)

Theoretical and practical course

Advanced JavaScript

Acquired skills.

- Working with classes and objects
- Working with functions and JSON formats
- Working with linear structures
- Information extraction and manipulation of the DOM tree
- Object oriented programming
- Functional programming

September 2020
„Software University“
Sofia, Bulgaria (4 month)

Theoretical and practical course

Fundamentals JavaScript

Acquired skills.

- Handling the standard functionality of the programming language
- Basics of web development
- Understanding the interrelationship between different IT concepts
- Analysis of complex problems and reduction to computer-executable steps
- Basic HTML and CSS skills
- Working with linear data structures

June 2020
„Software University“
Sofia, Bulgaria (4 weeks)

Theoretical and practical course

Programming Basics JavaScript

Acquired skills.

- Working with the console (data input and output)
- Working with loops (for)
- Work with more complex logical checks
- Working with logical checks (if-else)
- Perform simple calculations
- Working with more complex loops (nested for loops and while)

Additional Experience

Also I have experience in bar business is last 8+ years, and in the area of sales 10+ for more details contact me: nlotoo93@gmail.com

(2019-STILL) Studied to be a Software Engineer at „Software University“ – Sofia, Bulgaria

(2008 - 2012) Secondary education -- Geo Milev High School – Varna, Bulgaria

- Profile - Mathematics and Informatics
- Acting and sporting dances

Mother tongue(s)
PERSONAL SKILLS

Bulgarian

Other language(s)

	UNDERSTANDING		SPEAKING		WRITING
